**REGISTER BY 5/30/13 TO RECEIVE \$15 OFF!
USE PROMO CODE SPRING**

**EXTRA \$5 OFF FOR
REGISTERING ONLINE!**

Dear Parent:

Your child's learning doesn't have to end when the school year does. Camp Invention's summer day program, for students entering grades One through Six, immerses your child in a weeklong experience where he or she will discover creativity and inventiveness through hands-on, creative problem solving activities.

By enrolling your child in Camp Invention's 2013 program, you'll give them the opportunity to invent, discover, explore and achieve while developing the skills they will need to compete in the 21st Century. The program is led by local, highly qualified educators who are passionate about helping children grow through hands-on learning.

This year's GEO-QUEST™ program features:

- ▶ **CACHE DASH™** – Join us on an international expedition, navigating your way to treasure-filled caches containing global challenges from youth around the world!
- ▶ **ECOVERSE™** – Explore the Earthly realms of sky, sea, land and underground. Invent tools to reveal hidden messages and master the elements!
- ▶ **AMAZING ATLAS GAMES™** – Invent and play your way through a global expedition, exploring extremes of the natural world: heat, height, crystals, water and cold!
- ▶ **I CAN INVENT: LAUNCHITUDE™** – Put physics to use taking apart machines and re-engineering them to create a Duck Chucking Device to destroy competitor duck territory!

As an advocate of hands-on learning, I am thrilled to bring this nationally-acclaimed program to our community. To secure a spot in this year's program, fill out the registration form below.

Sincerely,

Rena Kelly, Director
